

United Way of Greater Milwaukee & Waukesha County is currently seeking applicants for an unpaid Information Technology (IT) intern position. This is a part-time internship which begins as soon as June and runs through August. The duration and hours of the position are flexible, and will be discussed with the candidate in advance.

The IT intern will work with the IT Manager and others to get hands-on experience with supporting a range of desktop computers, mobile devices, printers, and desktop phones.

United Way is a recognized national brand and is the largest funder of health and human services outside of the federal government. Funds raised through United Way of Greater Milwaukee & Waukesha County remain local and are invested in nearly 220+ programs at over 110 local nonprofit program partners.

Qualifications:

Must be working towards a technical diploma for IT Computer Support Technician ,IT User Support Technician or IT Help Desk Support Specialist.

This intern must be a student enrolled at a college level, and the internship is unpaid.

Why Apply?

- You are exposed to unique professional development opportunities.
- You can increase your confidence, executive presence and leadership abilities.
- You will strengthen your knowledge of community issues and organizations that address those issues.

TO APPLY:

Candidates meeting or exceeding job requirements are asked to mail or email a resume and cover letter to shenry@unitedwaygmwc.org Posting closes once adequate number of applicants is reached.
