United Way believes in making our four-county community stronger. By working together on critical issues we can move forward together to ensure everyone has a safe place to live, work, and play.

The newly-merged United Way of Greater Milwaukee & Waukesha County impacts individuals and families by investing in 220-plus programs at over 110 agency program partners.

United Way brings together partners from business, education, government, faith-based, and nonprofit organizations to work toward common goals, resulting in a better quality of life for all.

Through the Community Impact Fund, we drive lasting change by strategically focusing on the areas of Education, Income and Health. In addition to our focus areas, we invest in many community-wide initiatives.
