

# Project LEAD

**A healthy, vibrant community happens when *everyone* is engaged in civic life.**

Here in Greater Milwaukee and Waukesha County, too many people are left out of our public conversations. United Way of Greater Milwaukee & Waukesha County is changing this with **Project LEAD—Leadership Effectiveness And Diversity.**

This in-depth seven-week training program prepares community members for leadership roles on nonprofit boards and committees, with an emphasis on recruiting participants from underrepresented board populations (women, racially and ethnically diverse, young professionals).

- Learn the basic responsibilities of nonprofit boards
- Understand what is expected of individual board members
- Broaden your professional networks
- Influence decisions impacting our community
